Katie Robertson Memorial Cup

Dylan Lyall, Year 10 was awarded the prestigious Kate Robertson Memorial Cup at Junior Prizegiving which was held last Friday afternoon. This award is in memory of an ex-student who passed away in a car crash and is awarded for “outstanding demonstration of CSC school values, in and out of school.”

Day 1 for Year 9

2nd Year 9 & Year 13

3rd ALL students attend

7th Waitangi Day

Kia Ora Koutou

Last week was adventure week for our students, with Year 10's heading to Queenstown for their camp and Year 9's based at school for a range of activities. Both events were extremely successful with students representing our school well.

We finished the week with our Junior Prizegiving, a celebration of the achievements of so many students, congratulations to all those that were awarded class, sporting, performing arts, cultural and special prizes.

Also last Monday was the day we went into lock down due to a serious police incident. I would like to acknowledge our staff, students and our community who all responded appropriately and heeded instruction. Given the incident was not on our school site, we followed closely the instructions of the police, who were in constant communication with us. They let us know there was no immediate danger and that keeping behind closed doors was a safety precaution. While we never wish for an event like this, it has given us an opportunity to review our practice and ensure we keep our procedures up to date.

In my magazine editorial I acknowledge staff that are leaving CSC at the end of this year, so I won't repeat those here, but do want to acknowledge two staff members that have recently gained positions in other schools. Kit Pryde has been our teacher of Food and Nutrition since 2015, she has also taught maths, worked in a specialist teacher capacity, filled in as our SENCO and supported our staff with many IT requirements. Kit is now moving into a role as a Learning Support Coordinator based in Invercargill. Thank you Kit for your ongoing support of both our students and staff.

Carly Anderson has been with us since 2001, currently teaching Maths part-time as she also juggles her job with her Academy Southland role. Carly has accepted a position at James Hargest College next year working with Gifted and Talented students and we wish her all the very best in her new position.

Finally, I would like to take this opportunity to thank all staff for their dedication and commitment to our students and to the wider school community. I would also like to thank the Board for their support and hard work over this year. Many thanks to all who give of their time to coach teams, participate and support school events, your involvement is appreciated and crucial to the ongoing life of a very busy school. Have a restful holiday break and a wonderful Christmas.

Ngā Mihi,

*Grant Dick
Principal*

STUDENT NEWS

Social Studies Quizzers

A contingent of Year 9 and Year 10 students took part in the recent Social Studies Quiz held in Dunedin, competing against a number of other schools. The students all competed well and had a great day meeting other students.

CSC Trees Project

On Tuesday 7th December, a small group of Year 9 students, assisted by Brad Gibson (ex student), Environment Manager from AB Lime and two of his Interns worked planting native seedlings. A very big thank you to Michael Anderson for donating approx. 100 trees on the day. The track near the trees has been gravelled and is already being used by walkers and bikers.

The support from AB Lime, the Winton Rotary Club members and McGregor Concrete has been invaluable in progressing this project. We have also been offered donations of native tree seedlings and we are very grateful for these.

We have 1,800 trees being delivered from 'Trees That Count' in autumn next year and look forward to getting these into the ground. We will have an ongoing spray programme over the next few years to help keep the weeds and grasses under control.

Annie Keown, the Teacher in Charge of this project is leaving the college at the end of this year to pursue new challenges. We are very thankful that Annie has indicated that she wishes to continue working on the Trees Project to see it come to fruition. Annie has worked tirelessly and given a huge amount of time already driving this project. We look forward to seeing Annie around CSC in the future.

CAREERS NEWS

Gateway

A mix of nineteen Year 12 and 13 students participated in the Gateway programme this year. Throughout the year three students left school after gaining employment in the industry associated with their Gateway placement. Another three students will start study in the same industry as their Gateway placement next year.

For 2022, 19 students across Years 12 and 13 have been accepted onto our Gateway programme. The programme is really beneficial for the students as they get real experiences which help them make good decisions regarding their career pathway. All students on the Gateway programme are required to attend CSC on Tuesday, 1st February to complete a First Aid Certificate.

Murihiku Trades Academy

Osian Hitchcock received the top student award (below) in the Auto-Mechanical Course and Manigha Lange (right) received the top student award for the Sport and Exercise Course. They are both furthering their education in these fields next year.

SIT Taster Days

STAR funding paid for all Year 10 students to attend two Taster days at SIT on Thursday and Friday last week. This was a fantastic opportunity for our junior students to experience what Tertiary education can offer them.

Over the two days students got to experience two options. Activities were - Architecture, Music, Beauty Therapy, Joinery, Hairdressing, Automotive, Construction, Audio Production, Sport & Exercise, Nursing, Cookery and Barista work

Dates for the Calendar ...

1st February

First Aid Course - Gateway Students

Best wishes to all our school leavers as they embark on their future career or tertiary studies.

PRIMARY ITO TRADE ACADEMY

Another busy year for the Primary ITO Trade Academy is coming to an end. We are happy to report that three of the students left after gaining employment on local farms.

The Year 11 students have enjoyed many field trips to various primary industries including the Invercargill Weather Station, Winton Stihl Shop, Easy Big Trees, Wairaki Station, and the Lorneville Saleyards to name just a few. These students have decided what type of farm they want to gain work experience on next year and we are already trying to find farmers to accommodate them. Please contact me for further details if you think you would like to have a Year 12 student gain work experience on your farm one day a week in 2022.

Our Year 12 students completed a First Aid and Health & Safety Course and attended an ATV training day earlier in the year and have gained invaluable experience at their farm work placements throughout the year.

Next year we will welcome nine new students into the programme and look forward to helping them start their primary industry journey.

A huge thank you to the farmers that supported our students in gaining valuable practical skills, and to those individuals and businesses who have accommodated us for our field trips. We are very lucky to have such great community support.

*Lynley Woodd
Head of Agriculture*

Inter-School Connections

CSC students Tori and Tamara have been busy making connections with a student from Northern Southland College.

They have hosted Ruby here at CSC for a day of gingerbread house making, cooking pizzas for lunch and swimming.

This week Ruby hosted them for a day of crafts, fish and chips for lunch and another swim. As you can see from the smiles, all three girls had a lovely day out.

*Annie Keown
SENCO*

CSC EQUESTRIAN NEWS

The CSC Equestrian team of Mia Harper, Briar Irwin, Rosa Wills and Hannah Price had a great day at the Schools Showjumping competition at Gore recently. Rosa Wills won one of her classes and Hannah Price also picked up a 4th and 6th individually. Thank you to everyone who help to organise and parents who helped out on the day.

Teacher in Charge*

SPORTS NEWS

Junior Boys Netball

The Junior Boys Netball team were overall winners of the Southland Secondary Schools Junior Boys competition in Term 4. The team, coached by Di Newton and Rebekah Torrie, were unbeaten in pool play and finished their season by beating SBHS in the final 19 -15. Congratulations, boys!

*Andrea Beggs
Sports Coordinator*

Volleyball in Term 4

Both senior and junior grade Volleyball have continued throughout Term 4 under Level 2 Covid19 restrictions. Nearly 100 games were played across our teams and competitions, with some fantastic wins and rallies. This included the competition at the Stadium and the Southland Champs. Our competitive teams were in top 3 in nearly every grade!

Thanks to our student coaches for Term 4: Ella Bennie, Georgia Cameron, Kim Debuyan, McKenzie Hunter, Tim Lawry, Jordan van Miltenburg, Grace Watson, Lucy White, Talia Hall and Emma Cochran.

Thank you also to our adult coaches Mr Ruwhiu, Jamie McIntyre, and Maggie Wilson. And a special mention to parents and whanau for transporting students in and out of town for trainings and games. The Volleyball program would not be thriving as they are without your help and support.

Senior teams will continue training through exam leave and part of summer in preparation for tournaments at the start of next year. We can't wait to be back in our upgraded CSC gym,, hopefully early 2022.

*Alyssa Johnstone
